

AIR-CL

Ceiling mounting bracket

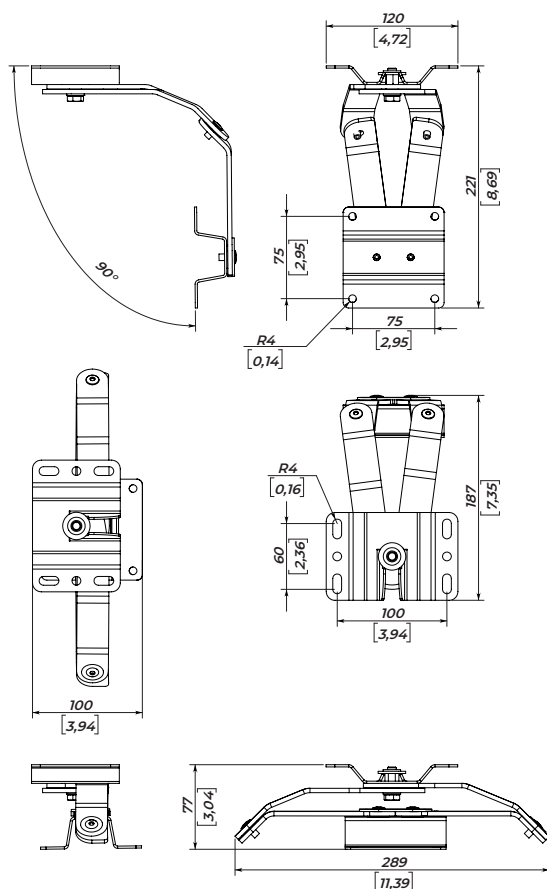

The AIR-CL is a ceiling mounting bracket for AIR-C6 and AIR-C8 with pan and tilt functionality.

The AIR-CL mount fits all loudspeakers that are foreseen from universal mounting patterns VESA 75 x 75. Its installation on the ceiling mount patterns is 60 x 100 mm (2,36" x 3,94").

The AIR-CL is the way to go in all immersive sound applications given its pan ability of 360° rotation and 0° to 90° vertical tilt.

SAFETY INSTRUCTIONS

1. Entrust mounting equipment to the experienced professionals following current safety instructions. Improperly installed equipment can result in property damage, personal injury and/or liability to the installing contractor.
2. Always use safety cables to prevent equipment from falling during setup or while exploitation.
3. Carefully check the mounting surface of the wall. Make sure wall material can hold the weight of the speaker with the mounting added.
4. Make sure to securely fix all the mounting bolts. Loose bolts may become unscrewed with time due to vibration and create safety hazard.
